Permanent Hair Reduction at The Laser Clinic

As specialists in Hair Removal each of our Registered Nurses has undergone specialist training to ensure Laser Hair Removal is safe, fast and very effective. Recent advances in Laser technology have made it possible to permanently reduce unwanted hair quickly and easily. The Laser Clinic have invested in the very latest advanced hand pieces to reduce the amount of treatments required. This gives us even more power for those stubborn hairs and we can specifically target dark blonde, auburn and finer less pigmented hair than previously possible. Using our state of the art Lumina system, almost everyone is a good candidate for hair removal; you do not need to apply creams or gels to the area before treatment, you also do not need to grow the hair before it being treated which so many people find difficult with waxing.

Book a FREE consultation to find out more about how you could benefit from treatment. See it as an investment in yourself!

'A Quality Education for a Lifetime of Opportunities'

BROAD HINTON CHURCH OF ENGLAND PRIMARY

We are a village school situated in a favourable rural area a few miles south-west of Swindon. We were founded in 1743 by Thomas Bennet and taken over by the LEA about 100 years later. Over recent years we have extended our facilities to accommodate four mixed-age classes, a large hall where hot meals are served, a multi-purpose unit housing a pre-school facility and a conservatory area for individual or small group teaching, including a multi-sensory learning library for parents and carers to access resources for learning at home.

OFSTED February 2012 'A good school where pupils achieve well' "promotes pupils" spiritual, moral, social and cultural development outstandingly well" "pupils" behaviour is exemplary" "excellent, well-planned support for disabled pupils and those who have special educational needs" "examples of outstanding teaching in all classes" "outstanding cross curricular provision" Parents say: "amazing grounding, both educationally and emotionally"

Everyone knows each other throughout the school, from the oldest to the very youngest, staff, parents and children alike, giving us a warm family atmosphere. Our professional and enthusiastic staff provide a safe and secure environment and a creative and stimulating curriculum.

You are warmly invited to make an appointment to visit our school and we look forward to welcoming you into our school and please find out more about us from our website.

GASTECH

The Independent Gas Specialists

Telephone **01793 848800**

6 Templars Way Ind. Est. Marlborough Road, Royal Wootton Bassett

BEAT THE RUSH at **Gastech** and we know that, traditionally, heating breakdowns increase in the colder months.

Many of the breakdowns we attend to at the start of the heating season could have been prevented by maintenance. Unfortunately, faults on the heating system do not show themselves until the cold weather arrives. By then, most gas engineers are busy, causing a delay of days to arrange a call out. **Gastech** are a local, family run business with 30 years + experience.

Based in Royal Wootton Bassett with a satellite office in Marlborough we always have an engineer available in your area.

With increasing gas prices it is essential that your gas boiler is running properly to ensure it is safe and efficient.

Our engineers are happy to service all gas and LPG boilers including warm air systems.

Age of boiler is not a problem and we would be there to service it, not to tell you that it needs replacing.

So, *beat the rush*. Call **Gastech** on **01793 848800** to book your heating service
