Unit 16, Station Industrial Est.,  
Sheppard St., Swindon SN1 5DB

When you need a new tyre, the convenience of a mobile service is not only a safer option but is more convenient for you. Our mobile tyre fitting service means we come to you - **at no extra cost.**

We can do everything on site at your home or place of work. A free valve and free balance means that you get exactly the same service you'd expect from coming to our premises.

We cover all the rural villages this publication is delivered to - give us a call for a tyre quote and we will come out to you and fit the tyre(s) to get you safely back on the road again.

Alternatively come to our tyre depot and we will fit your tyre(s) before you go shopping in Swindon.

# GWRM *Great Western Route Modernisation*

## *Electrification Programme*

*The Great Western Route Modernisation programme will transform the Great Western Mainline from London Paddington to Swansea to bring Brunel's railway into the 21st century. Benefits include:*

- *New cleaner, greener electric intercity trains with more seats*
- *More reliable journeys thanks to upgraded signalling*
- *A quieter service for people living near the railway*

*Please bear with us while we undertake these essential works to transform and modernise Brunel's railway.*

### **Marlborough Road and Skew Bridges**

#### **Temporary road**

We will start building a temporary road south of Marlborough Road, to provide a suitable diversion while we work on Marlborough Road and Skew bridges. Work on this road will start in May and should finish in September.

#### **Marlborough Road and Skew Bridge**

Work on Skew bridges will start once we complete the temporary road, towards the end of 2015. Marlborough Road bridge will be reconstructed in spring 2016. The design for this structure has changed to incorporate the new footbridge which will be included as part of the improvements provided by Wiltshire Council for this structure. We will be maintaining pedestrian access while working on this bridge, by providing a temporary footbridge on the East side.

#### **Power & Distribution Site**

New 25kV AC Overhead Line Electrification (OLE) equipment is being installed along the Great Western Route, in order to run the new Hitachi electric trains. Masts and gantries, which will support the overhead wire carrying the power, will be spaced between every 50 and 70 metres along the route. Power supply and distribution will implement what is known as an Auto Transformer System. This comprises a small number of feeder substations connected to the National Grid and a series of Auto Transformer Sites which regulate the power along the scheme. They have minimal noise output and they are not detrimental to the health of the people living nearby. In May 2015 we will start building an Auto Transformer Feeder Station next to the railway between Skew bridges and Marlborough Road bridge.

**ALAN  
HAWKINS**  
ESTATE AGENTS  
PROPERTY MANAGERS

## More properties required to meet demand!

We have buyers waiting. Thinking of selling? Then we can help. Call us - your local Family Run Estate Agents!

As a family and close knit business, our clients are guaranteed service consistency on a personal basis without the concerns of staff turnover or having to deal with staff with whom they are unfamiliar. Similarly, our commitment to our customers is paramount in every way, where honesty and trust is an integral part of our service.

For us, it is not just a job to be done, it's our way of life!

So, why not sit back, relax and let the family agency take the strain. Visit our website to find out more.

## GASTECH

### The Independent Gas Specialists

Telephone **01793 848800**

6 Templars Way Ind. Est. Marlborough Road, Royal Wootton Bassett

**BEAT THE RUSH** at **Gastech** and we know that, traditionally, heating breakdowns increase in the colder months.

Many of the breakdowns we attend to at the start of the heating season could have been prevented by maintenance. Unfortunately, faults on the heating system do not show themselves until the cold weather arrives. By then, most gas engineers are busy, causing a delay of days to arrange a call out. **Gastech** are a local, family run business with 30 years + experience.

Based in Royal Wootton Bassett with a satellite office in Marlborough we always have an engineer available in your area.

With increasing gas prices it is essential that your gas boiler is running properly to ensure it is safe and efficient.

Our engineers are happy to service all gas and LPG boilers including warm air systems.

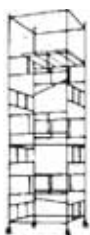

Age of boiler is not a problem and we would be there to service it, not to tell you that it needs replacing.

*So, beat the rush.* Call **Gastech** on **01793 848800** to book your heating service

## KITCHEN MAKEOVER

Are your kitchen cabinets OK, but the doors and drawer fronts are looking a little tired?

Why not consider a kitchen makeover?

By replacing the doors and drawer fronts plus a new worktop you can achieve the look of a new stylish kitchen.

Saving you time, money and a lot of upheaval.

Complete kitchens and bedrooms also available.

Extensive range of door colours and designs.

We are a family run business with over 30 years experience in specialist carpentry and joinery.

We can plan, design and fit your kitchen complete including any building or alteration work.

**VISIONVISIT**  
mobile eyecare

## Would you like an Eye Test at Home?

As a local family run mobile optician, VisionVisit can *come to you* for your eye test. Our fully qualified optometrist uses the latest eye test equipment to give you a precise prescription and thorough health assessment. Not only that, but the test is free with no call out charge, if you are covered by the NHS. We have a wide range of glasses, from budget to designer, delivered and fitted in your own home.

So if you struggle to get to your local optician or would just prefer a test within the comfort of your own home, call us now or visit our website for more details.
