We've joined forces!

I have enjoyed a wonderful career in estate agency spanning 38 years and in that time have made many, many friends but I feel that the time has now come for me to start to slowly wind down.

Richard James Estate Agents is independently owned yet one of the fastest growing agents in the area and they have a sophisticated infrastructure suited to the needs of today's landlords and tenants.

We have now merged businesses and are both equally excited for this new venture together in serving the community.

From the new year you can find me at the new Richard James offices on the High Street where I will join the local team and continue to service all my clients. If you would like to contact me please do so on 01793 855117 or via email at paulvitti@richardjames.info

BEAT THE RUSH at **Gastech** and we know that, traditionally, heating breakdowns increase in the colder months. Many of the breakdowns we attend to at the start of the heating season could have been prevented by maintenance. Unfortunately, faults on the heating system do not show themselves until the cold weather arrives. By then, most gas engineers are busy, causing a delay of days to arrange a call out. **Gastech** are a local, family run business with 30 years + experience. Based in Royal Wootton Bassett with a satellite office in Marlborough we always have an engineer available in your area. With increasing gas prices it is essential that your gas boiler is running properly to ensure it is safe and efficient.

FSB

Our engineers are happy to service all gas and LPG boilers including warm air systems.

Age of boiler is not a problem and we would be there to service it, not to tell you that it needs replacing.

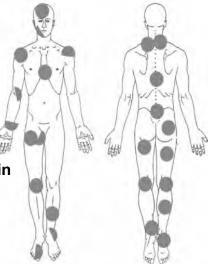

So, beat the rush. Call Gastech on 01793 848800 to book your heating service
