The Independent Gas Specialists

Telephone **01793 848800**

6 Templars Way Ind. Est. Marlborough Road, Royal Wootton Bassett

BEAT THE RUSH at **Gastech** and we know that, traditionally, heating breakdowns increase in the colder months.

Many of the breakdowns we attend to at the start of the heating season could have been prevented by maintenance. Unfortunately, faults on the heating system do not show themselves until the cold weather arrives. By then, most gas engineers are busy, causing a delay of days to arrange a call out. **Gastech** are a local, family run business with 30 years + experience.

Based in Royal Wootton Bassett with a satellite office in Marlborough we always have an engineer available in your area.

With increasing gas prices it is essential that your gas boiler is running properly to ensure it is safe and efficient.

Our engineers are happy to service all gas and LPG boilers including warm air systems.

Age of boiler is not a problem and we would be there to service it, not to tell you that it needs replacing.

*So, beat the rush. Call **Gastech** on **01793 848800** to book your heating service*

“We had a conservatory fitted in our previous home by Leekes several years ago. We were impressed by the total lack of ‘hard sell’ – unlike other double glazing companies.

So when we needed double glazing throughout our new home, we decided to use Leekes again. We are delighted with the quality of the windows. They are completely in keeping with our Victorian house and look like they have always been there. We would have no hesitation in recommending Leekes to our friends and family.”

Nick Sewell
Head of Private Client at Bevirs Solicitors says that Moving home is a good time to think about making a Lasting Power of Attorney.

Nick said, "If you are seeing your solicitor about your house move it is a useful time to think about making a Lasting Power of Attorney".

These documents (often known as LPAs) are very useful for people planning ahead for a time when they may not have the mental ability to look after their own affairs. They are not just for the elderly.

Here are some questions & answers which Nick has put together.

Q. How old do you need to be to have a Power of Attorney?

A. *You need to be over 18 but then can make one at any age. Accidents and ill health can affect all of us at different times in our lives. Having an LPA in place can give you and your family peace of mind and enable you to get the help you need quickly during a difficult time if you did become physically or mentally incapable.*

Q. What sort of LPA do you need?

A. *There are two types of LPAs: A Property and Affairs LPA- your attorney can deal with your property and finances. This can be used both when you still have mental capacity to look after your own affairs and when you do not; and A Welfare LPA- your attorney can make welfare and health care decisions on your behalf, but only when you lack mental capacity to do so yourself. This could also extend, if you wish, to giving or refusing consent to the continuation of life sustaining treatment.*

Q. Who should you appoint as Attorney?

A. *Any attorney must be trustworthy and have relevant skills to make what could be very important decisions.*

Q. Can you have more than one Attorney?

A. *Yes. If you appoint more than one attorney, you can appoint them to either always act together or so that either attorney can act alone. You can even appoint them to act together for some decisions and alone for others. You can also appoint replacement attorneys in case your attorneys cannot act for any reason.*

Q. When can the Attorney act?

A. *The attorney will only be able to act after the LPA has been registered with the Office of the Public Guardian.*

Q. How long does an LPA last for?

A. *It will last until you revoke it (if you have the mental capacity to do so) or failing that until your death (or earlier if ordered by the Court of Protection).*

Q. What happens if you have not made an EPA and become mentally incapable of looking after your affairs?

A. *It may be necessary to get a Court of Protection Order appointing another person to make decisions on your behalf. This is both costly and time consuming.*

Q. Are there any other forms of Power of Attorney?

A. *Yes. There are shorter Powers of Attorney which usually last a year or if earlier when the person who made them becomes mentally incapable of looking after their own affairs. These are usually used to cover short periods for example when someone will be away on holiday when documents are likely to need to be signed and are not suitable for longer term planning.*

Bevirs solicitors have offices at Swindon Royal Wootton Bassett and Calne.
